Sir: I have the honor to report that Private Patrick Quinn, Co. D, 3d Regt. Infty. Md. Vols. was received at this Prison from the Provost Marshal of Baltimore, Md. on the 15th day of December 1863, charged with "Disrespectful language to his superior officer". Upon investigation of the case, I find that the prisoner was sentenced by a General Court Martial convened at Fort McHenry, Md. on the 14th day of December 1863, to forfeit $10 per month of his pay for the period of three months, and to be confined at hard labor during the same time.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for pension, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge, and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feined or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment, commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, are that the soldier is furnished with the proper final statements, in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Note 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Note 2.

When a *probable* case for *pension, special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feined or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to the division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Reports that in his opinion Surg. J. H. Hereford 3rd Ky. V. Infty is incompetent to fill his position, for the following reasons

He has not industry & energy to make the necessary effort to attend to his duties.

He has failed to keep his regimental hospital in proper condition, it invariably being filthy

He has failed to see that his camp was properly policed & to manifest any interest in the sanitary condition of the command. He manifests no feeling towards the sick. his conduct being tyranical and supercilious to such a degree that the sick dislike to be placed under his treatment.

His success in treatment of disease shows a want of skill. He has failed to keep a Prescription Book and has been so reticent that it has been impossible to learn enough of his prescriptions to form an idea of his capacity in that respect.

He, on the 3rd inst: at Pikeville. when ordered to march with his Regt when it was expected to encounter the enemy, absented himself from his command & remained at Pikeville and allowed his Regt: to proceed without a Medical officer.

Respectfully forwarded. So far as the within matter has come under my notice, I have considered Surg. General White;

I have the honor to report that Surgeon James H. Hereford of 39th Reg Ky Vols. is in my opinion totally incompetent to fill the position of Surgeon of a Regiment for the following reasons—

He has not sufficient industry and energy to make the necessary effort to attend to his duties—

He has failed, since my connection with this District, April 14th last, to keep his Regimental Hospital in a proper condition to receive sick, it invariably being in a filthy condition.

He has failed to use the proper efforts to see that the camp of his regiment was properly policed and to manifest any interest in the sanitary condition of his command.

He fails to manifest any feeling towards the sick — his conduct being tyranical and supercilious to such a degree that the sick

have an abhorrence to being placed under his treatment.

His success in the treatment of disease would indicate a want of professional skill; but he has failed to keep a prescription book and has been so deficient that I have been unable to learn enough of his prescriptions to form an idea of his capacity in this respect.

He did, on the 5th inst. at Piketon Pike County Ky., when ordered to accompany his Regiment on a march in which it was supposed the enemy would be encountered, absent himself from his Regiment and remain at Piketon and permit his Regiment to proceed without a Medical Officer

Very Respectfully,
Your Obedient Servt

Note 1.

The company commander will here add a statement of all the facts bearing upon determining the degree of wound or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated, as reported to the duty, service, or situation of the soldier at the time the injury was received or disease contracted; stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of the hospital, the officer commanding a detachment of recruits, &c.

Note 2.

When a *probable* case for *pension, special care* must be taken to state the *degree* of disability—as ½, ⅓, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge: and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feined or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment, commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

firming his plea, and sentenced to forfeit five months pay to the U. S. and serve six months, with ball and chain attached to his leg, at hard labor on some public fortifications designated by the Genl Commdg Dist of Ky.

The proceedings, findings and sentence of the Court were approved and promulgated in G. O. No. 20, Headqrs Dist. of Ky. dated Feby 17th 1864 and Camp Nelson Ky. was designated as the place for execution of that part of the sentence which imposed hard labor &c. As this man was convicted of desertion by a Gen'l C. M. the proceedings &c of which were approved and promulgated by competent authority the charges of desertion in January 1863, no longer stand against him. from January 10th to June 28th 1863, cannot, however, be expunged.

The charges of desertion in July 1863, against this man, are removed. He was absent without leave from July 18th to August 3d 1863.

Application for removal of the charge of desertion of August 11th 1864, and for an honorable discharge in this case has been denied.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special* care must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any other disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C., they will not, under any circumstances, be given into the hands of the soldier.

ARTICLES OF WAR.

ART. 95. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

PAR. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 95th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of ——— ———, late of company (—) ——— regiment of ———, who died at ———, the ——— day of ———, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of ——— ———, late of company (—) ——— regiment of ———, who died at ———, the ——— day of ———, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

War Department,

Adjutant General's Office,

Washington, Jany 21, 1888.

This man deserted on or about March 24, 1863, and returned on or about January 22, 1864. As he was subsequently restored to duty by competent authority without trial, but upon conditions which appear to have been complied with (so far as not waived by the Government), the *charge* of desertion no longer stands against him. The record of the *fact* that he was absent in desertion from on or about March 24, 1863, to on or about Jany 22, 1864, cannot, however, be expunged.

NOTE.—This affidavit should be pasted to the Muster-in Roll to which it belongs.

NOTE.—The oath may be administered by the the Adjutant of a Regiment, Detachment, or Post, a Judge Advocate or Recorder of a Court Martial, or by a Civil Magistrate.

NOTE.—The Mustering Officer will require each candidate for muster into service to exhibit his commission (or appointment) from the Governor of the State to which the Regiment into which he desires to be mustered belongs. No Muster will be recognized if made to cover a period in which the officer is borne on the Rolls and Returns of his Regiment as of an inferior grade, or beyond the date of the Receipt of his commission (or appointment). If an officer is taken up on a muster roll as of any grade before being mustered into service in that grade, after the promulgation of General Orders No. 48, of 1863, it is a false muster on the part of the officer making it, and will not be recognized at the Adjutant General's Office or by the Mustering Officer, but will be immediately reported to the Adjutant General.

ARTICLES OF WAR.

ART. 95. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

PAR. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 95th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster-roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of ——— ———, late of company (—) ——— regiment of ———, who died at ———, the ——— day of ———, 186-." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of ——— ———, late of company (—) ——— regiment of ———, who died at ———, the ——— day of ———, 186-."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feined or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment, commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last paper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

ART. 95. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1863.

DECEASED SOLDIERS.

PAR. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 95th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., in duplicate, will be sent to the Adjutant General with one copy of the inventory. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory and final statements, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of ——— ———, late of company (—,) ——— regiment of ———, who died at ———, the —— day of ———, 186–." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of ——— ———, late of company (—,) ——— regiment of ———, who died at ———, the —— day of ———, 186–."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the ——— of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

FINAL STATEMENT

OF

Francis Shacks

Age [illegible] Regt of Kentucky

VOLUNTEERS.

Died Dec. 25/64

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his *discharge*, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—Where a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay in his final statements, the clothing account, and all other charges against him or in his favor, so as to complete a complete exhibit of his account. It will then be transmitted to the Company Commander of the Soldier, who will place all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the [illegible] paying [illegible] of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on the statement.

NOTE 6.—Amounts due the Sutler and Laundress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

Note 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Note 2.

When a *probable* case for *pension*, *special care* must be taken to state the degree of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1269 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feined or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

Directions.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the Surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment, commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

VOLUNTEERS.

Deit April 10. 1864.

NOTE 1.—*Two* of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates, on these certificates the Soldier is "entitled to" his *discharge* and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only remaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Sutler and Laundress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

ARTICLES OF WAR.

ART. 95. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

PAR. 132. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 95th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of ——— ———, late of company (—) ——— regiment of ———, who died at ———, the ——— day of ———, 186–." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 133. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 134. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of ——— ———, late of company (—) ——— regiment of ———, who died at ———, the —— day of ———, 186–."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General, and one retained by the officer.

FINAL STATEMENT

OF

Pvt Hockson Sutton

E Reg't of Kentucky

VOLUNTEERS.

Dued Sept 2. 1864.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay &c. due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates, on these certificates the Soldier is "entitled to" his *discharge* and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements and endorsed with a statement to this effect by the officer. This endorsement should exhibit a ful istatement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the father and Landrum must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

ART. 95. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1863.

DECEASED SOLDIERS.

PAR. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 95th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., in duplicate, will be sent to the Adjutant General with one copy of the inventory. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory and final statements, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of ——— ———, late of company (—,) ——— regiment of ———, who died at ———, the —— day of ———, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of ——— ———, late of company (—,) ——— regiment of ———, who died at ———, the —— day of ———, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

FINAL STATEMENT

of

Pvt James Jewell

39th Regt of Ky Mtd Vol Inf

VOLUNTEERS.

Died January 9. 1865

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates, on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining on his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements and endorsed with a statement to this effect by the officer who endorses—he should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him, or in his favor, so as to complete a complete statement of his account—it will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Sutler and Laundress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amounts cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

PAR. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 95th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of ——— ———, late of company (—) ——— regiment of ———, who died at ———, the——— day of ———, 186–." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects, of ——— ———, late of company (—) ——— regiment of ———, who died at ———, the ——— day of ———, 186–."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

Hon E. M. Stanton
Sec of War.

Sir.

I have the honor to most respectfully request your attention in the case of Pvt John St. Jones Co K. 13th Ky Vol Infty. He having been Court martialed for desertion and sentenced to serve One Year and Six Months in the 39th Ky Vols — to made good time lost by being absent from his company. The above named J. W. Jones was left sick near Danville Ky just after the Perryville fight and sent to Hospital at Nashville Tenn and was — induced by one Capt Frost of (Co I. I think) 124th Ohio Vol Infty was in that company at the Battle of Chickamauga. Geo Thomas Missionary Ridge and was then sent to Hospital sick to Louisville Ky Where he was arrested

by one of Co K. 134 Ky and forwarded to the Regt which he joined April 26 1864. having been absent from Oct 15. 1862 to April 26. 1864 during which time he was either in the Hospital or in the service in the 124th O.V.I. I would most earnestly request that his sentence be commuted and he be mustered out. His regiment having been mustered out some time ago. He has been a good and faithfull Soldier during his term of service and was wounded in the Campaigne against Atlanta Geo in June 1864. He is a very young Soldier. being only 18 years old now. He was through the false representations of Capt. Frost. who told him that it would not make any difference as to what regiment he was in if only in the service although he (Jones) told him he was already in the service. If said Capt was not already dead I would see this have preferred charges against him for false enlistments I would most earnestly beg you to consider this at your earliest convenience and if consistent with the Rules and Regulations of war have his sentence commuted as he has actually served three years already although not in the Company in which he first enlisted. Any favors for him or communication will be most thankfully received by

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1230 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feined or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to the corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment, commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, are that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

FINAL STATEMENT

OF

Private James Kenady,

B E Regt of Kentucky Cav
K.

VOLUNTEERS.

Died Dec 2d, 1864.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates, on these certificates the Soldier is "entitled to" his *discharge* and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only receiving as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to statistics on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. The endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Laundress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

I certify, on honor, that James Kenady a Private of Captain N Collins Company (K) of the 8E Regiment of Mtd Infty VOLUNTEERS, of the State of Kentucky, born in Grayson Co, State of Virginia, aged 21 years; 6 feet 11 inches high; Fair complexion, Blue eyes, Light hair, and by occupation a Farmer, having joined the company on its original organization at Pikeston Ky, and enrolled in it at the muster into the service of the United States at Beechcreek Ky, on the Six teenth day of Feburary, 1863, (or was mustered in service as a recruit, by _____, at _____, on the _____ day of _____, 186 , or was drafted and mustered into the service of the United States from the _____ Enrollment District of the State of _____, at _____, on the _____ day of _____, 186 ,) to serve in the Regiment, for the term of Three years: and having served HONESTLY and FAITHFULLY with his Company in 39th Regt Ky Vol to the present date, is now entitled to a DISCHARGE by reason of Death Dec 28th 1864 in Regt Hospital at Louisa Ky By means of Consumption
